EUROPEAN STEEL & CARBIDE

The TWISTER-2 high quality steel and Premium tungsten carbide optimise 100% the performance of the hammer machine.

PGM CERTIFICATE

PGM marked drill bits certifies accuracy of tolerances of the drill bit's geometry, guarantees also the hole calibration and a safe anchoring.

COMPATIBLE SDS-PLUS

CONCRETE - STONE - HOLLOW BLOCK - BRICK

FAST AND LONG-LIFE

The new carbide tip geometry associated to the TRI-ZONE flute shape reduce drilling time, save wearing and increase the life time of the drill bit.
